

QUALITY POLICY

So as to reach and maintain a recognized position for all our customers and possible customers in the market of deep drawing and stamping metallic parts produced in series, our Quality policy has the next guidelines:

- **Accomplish without restrictions of all explicit requirements, tacit and regulations of our customers.**
- **Zero defects.**
- **Do our task correctly at the first time and in a continuous improvement process.**

These guidelines are based on these premises:

- **Contribution of our know-how in the designs and projects of our customers.**
- **Use of the appropriate Technology for our processes and installations.**
- **Have a Quality management System according to the ISO-9001 and IATF-16949.**
- **Information, training and involve of all the people of the company.**
